Dramatically improve your skills for relieving chronic back pain and spinal fixations, easing diaphragm and rib issues, increasing spine mobility, and more. Learn advanced myofascial and manual therapy techniques that dramatically improve your ability to work safely and effectively with scoliosis; movement restrictions of the trunk; as well as rib, spine, and thoracic pain (whether or not associated with scoliosis).

Preparation: completion of the Spine, Ribs & Low Back course (via DVD or seminar) is HIGHLY recommended, though not required. Order the DVDs at a discount during your registration, or contact us at info@advanced-trainings.com.
